Notes:

Mystic Star was selected alongside Bronze Royalty by Don and Julie Skinner to represent Snowmass for two consecutive years at the undisputed top US show, namely the Kansas Futurity. Mystic Star was Futurity Colour Champion in 2015 and Futurity Reserve Colour Champion in 2016. Always alongside Snowmass Bronze Royalty, they have constantly alternated between the top prizes, so we decided to bring both. Which will ultimately be the best only time will tell!

Mystic Star's Sire is Ultimate Star XX, a son of the amazing Snowmass Matrix, perhaps the most famous offspring of the legendary Snowmass Quechua.

Julie Skinner's comments:

He is an exceptional male and very true to color all over his fleece and consistency of his fine fleece qualities extend over his entire fleece.

We lost his sire. Who was one of our most exciting sons of Matrix via great Dam XXXtreme Star of Hope.

On the bottom side you have a great color combination with one of my all-time favorite Quechua sons Snowmass Overture and one of my all-time favorite Dams.

Snowmass Invincibly fine. The pedigree goes back much further than you can see which is really exciting to have in a Stud these days especially with his line up. You just can't go wrong with these genetics no matter what color comes out. He is really well balanced and the nicest thing is the Futurity judges LOVED him the most.
